Contributions:
[-https://github.com/HarshCasper/CareerPath/pull/9](https://github.com/HarshCasper/CareerPath/pull/9)
[-https://github.com/HarshCasper/CareerPath/pull/24](https://github.com/HarshCasper/CareerPath/pull/24)
- Open Source Contributor** Jun2020 - Present
Contributed to open-source projects by adding new features and fixing issues.

PROJECTS

- Personal Portfolio**
Tech Stack: HTML, CSS, Javascript, Firebase
Link: <https://github.com/Harshak50/Harshak50.github.io>
- Rural Women Empowerment**
As part of Hackathon we built an application to solve the problem of rural women unemployment. Our platform promotes girl child education and also to promote the old traditional crafts skills of women.
Tech stack: HTML, CSS, Firebase
Link: <https://traditional-crafts.netlify.app>
